

21st Budapest Nephrology School CME Course

Nephrology, Hypertension, Dialysis, Transplantation

Under the Auspices of ISN, ERA-EDTA, RPS, IFKF and ISP
26-31 August, 2014

**Semmelweis University
International Nephrology Research & Training Center
Worldwide Hungarian Medical Academy
Vanderbilt University Medical Center
University of Toronto
Avicenna International College
Hungarian Kidney Foundation**

Dear Colleague,

The **21st Budapest Nephrology School** (Nephrology, Hypertension, Dialysis, Transplantation) under the auspices of ISN, ERA-EDTA, RPS, IFKF and ISP will be **traditionally** held between **26-31 August, 2014** with the participation of distinguished international faculty.

With a history of more than twenty years, BNS has become a frequently visited summer school. During the one-week program, our distinguished international speakers provide updates in nephrology, hypertension, dialysis and transplantation. **We cover the field from molecule to bedside, from the most recent scientific advances to the current clinical approaches.** To encourage lively and fruitful interaction between the participants and the faculty members, and also between the participants themselves, the program contains sessions called **'My most interesting Cases' presented by the faculty members and also by the participants.**

I am proud to inform you that the **ISN Present and Past Presidents, the ERA-EDTA Present and Past Presidents and several worldwide recognized experts from Canada to Japan will join us this year** too.

The School is accredited by the European Accreditation Council for Continuing Medical Education (EACCME) for a maximum of **30 hours of European external CME credits.** (In Hungary, it is equal to 50 CME credits).

For the **scientific program** please visit the official website:

<http://bns-hungary.hu/program/program/>

The BNS has not only a wide and rich scientific program but it is also an **enjoyable and intensive social program** that lets participants discover the spirit and beauty of Hungary.

The participation fee includes among others the attendance at the 12th International Wine and Health Symposium, visiting an organ concert at St. Stephen's Basilica, a

sightseeing tour with Parliament visit; attendance at the evening Danube cruise and the farewell reception; the support for buying the book of Nephrology, Hypertension, Dialysis, Transplantation (Eds: Thomas E. Andreoli, Eberhard Ritz, László Rosivall), and at last but not at least Hungarian hospitality.

Within the framework of the school, we are to announce the 1st Rubik Cube Competition for Young Nephrologists participating at the 21st BNS. Check out <https://www.facebook.com/bnshungary> or <http://bns-hungary.hu/> and win the reimbursement of your registration fee!

Please be part of the 21st BNS and the '1st International Renal Wine Competition' on the occasion of the 12th International Wine and Health Symposium, evaluated by the young nephrologists. The best wine will be authorized to use the label 'Renal Wine of 2014'.

Please forward this invitation also to all your young colleagues and friends who would be interested in participation.

Kind regards,

Prof. László Rosivall, MD, PHD, DSc
President of the Hungarian Kidney Foundation

Laszlo Rosivall, MD, PHD, DSc Med, Med habil.
